Wake Up **Emile Abadir- Feb, 2005**

Joel 3:9

“Let the warriors of this nation blow the trumpet because I am proclaiming a holy war. And I am calling a solemn assembly to bring this nation back to God. There is a shifting from the defensive into the offensive. (There can be) no more complacency and compromise because we are engaged in war.”

The Lord showed me that many prayer teams will spread over the nation like a shield. The Lord will amaze the nations with what is NOW taking place in Canada. “I will bring righteousness back to this nation and Canada will no longer be a spiritual desolation. The time has come for a wake up call. The sleeping giant is about to wake up corporately.

I will let my forerunners align themselves in order to seek my face because many revelations and inspiring strategies are about to be given to many of my apostles and prophets in this nation. I will let my apostles and prophets lead the battle. The very measure of change that will happen: the Lord will transform the mentality of the church to be a warring mentality.

In the next few months there will be a very powerful mobilization of these who are called to realize the destiny of Canada. He is about to mobilize some of his chosen ones and the unity of hearts and minds will be very remarkable in the next few months.

The One Heart Gathering will amaze the governmental circles though it will not be welcomed warmly. Yet, the government will know that something is happening in the Church. “

The Lord assured me to tell his people, Don't be dismayed by what is now going on because there is an hour that is about to come when I will reveal My agenda- not only to the nation of Canada but to other nations- because events will happen on earth that mark the indication of the last times. I will shake what is unshakable because NOW, in the heavenlies, I will decree things. Even if you don't know the extent of such events, the next few years will be a turning point in the history of nations. Canada-respond to My wake-up call!
